

## Wood Urns

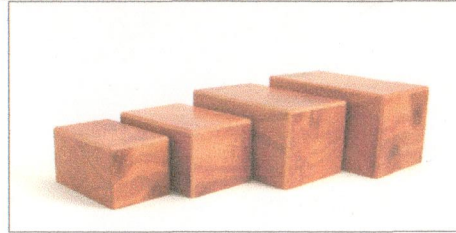

Walnut urn with brass plate

All of our wood urns are hand-crafted from solid hardwood right here in the State of Maine. Their rugged construction ensures that they will remain beautiful for years to come. We currently offer wood urns in either walnut or oak. The bottom of the urn is removable, to allow ashes to be placed inside. For safety, the bottom is held in place by four screws. The urns can be fitted with an optional custom engraved brass plate. Please let us know if you like to have this included. The standard brass plate can accommodate up to three lines of engraving.

Walnut and Oak urns

## Wood Finished Urns

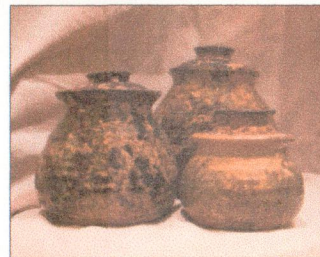

We now have some beautiful wood composite urns available. These economical urns are a wonderfully crafted fiberboard product, available in either a natural or cherry finish. They also look great with the optional engraved brass plate. We also have these wonderful urns available with a photo compartment.

## Photo Urns

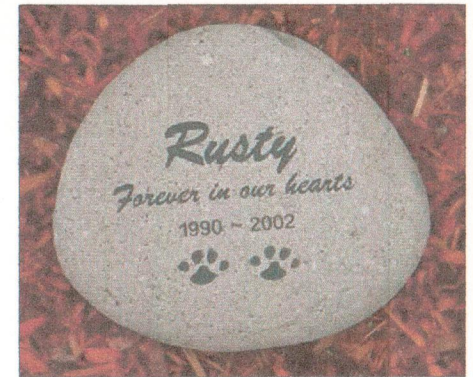

## Pottery Urns

Pottery urns

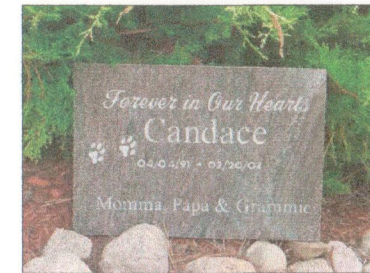

We offer a selection of hand made pottery urns. These urns are also made in Maine by a local artist. As each urn is unique, there are variations that make them as individual as your beloved pet.

## Stone Markers

Engraved River Stone

These granite markers are ideal for placement in a garden or for marking a burial site. They can be placed in one of your pet's favorite places or in one of yours. The markers are currently available in natural river stone or

Engraved Granite Marker

cut granite so please specify your preference. There is a limited amount of space for engraving, but we will try to accommodate whatever you would like. The cat or dog paw prints are optional, so please tell us if you would like one included.

*"In our gardens repose the remains of those that possess beauty without vanity, strength without insolence, courage without ferocity, and the virtues of man without his vices: our pets."*

-Lord Byron
